***“If you want one year of prosperity, grow grain; if you want 10 years of prosperity, grow trees;
and if you want 100 years of prosperity, grow people.”***
Ancient Asian proverb

Dear Faculty,

It is with great pleasure that we welcome you to Boston Children’s Hospital. We are proud that our hospital has been a leader in child health for 150 years. As the primary pediatric teaching hospital of Harvard Medical School, we value our clinical, research, education, and community service missions and celebrate our new faculty who will continue to advance child health.

It is our hope that you will achieve a deep and abiding satisfaction in your careers, and be an integral part of our community. We look forward to contributing to your career development at Children’s by providing seminars, fellowships, resources, newsletters, mentorship models, and one-on-one meetings.

Office of Faculty Development Services

The Office of Faculty Development (OFD) at Boston Children's Hospital (BCH) was founded in 2001 with the goals of recruiting and retaining the best faculty, facilitating career advancement and satisfaction, and increasing leadership opportunities, particularly for women and minorities. Our services over the past 19 years have focused on fostering the careers of faculty at Children's Hospital, through career conferences, seminars, funded fellowships, mentoring models, a family and career network, library resources, a newsletter (*Perspectives*), a dedicated website and Twitter page, a teaching Academy, and one-on-one meetings with faculty.

Boston Children's Hospital Mentoring Guidelines

The OFD in collaboration with our Advisory Committee and Department/Division/Program Chiefs created the framework for the "Community of Mentors" program at Boston Children's. The effort begins with an appointed mentor at the division or department level, and guides mentees to create their own mentor team with the support and advice of their own division or department senior faculty. The OFD helps faculty assess their needs and facilitate matches. The OFD has updated the mentoring booklets, *Successful Mentoring for Junior Faculty* and *Strategies for Mentors*, available on our website, to highlight the importance of "Developmental Networks," a framework defined by Kathy Kram, Monica Higgins, David Thomas, and others. These networks which include one's Community of Mentors as well as colleagues, subordinates, mentees, family, and friends provide access to knowledge, opportunities, and resources across institutions and cultures.

Career Development Fellowships

Cosponsored by the Basic/Translational Research Executive Committee and the Clinical and Translational Research Executive Committee

Established in 2002, the Faculty Career Development Fellowships provide transitional funding to sustain research productivity and career growth during critical years. The faculty fellowships currently provide \$50,000/yr for 2 years with departments/divisions/programs funding 25% of the award and overhead. These awards are intended to increase opportunities for junior faculty to advance to senior positions in academic medicine. Four of the thirteen 2019 awards are designated for junior faculty who belong to a racial/ethnic population underrepresented in medicine and science (URM), OR who have family responsibilities such as being the primary caregiver for children and/or parents. The other nine are unrestricted.

Office of Faculty Development Seminar Topics:

- Promotion sessions by Children's senior faculty and HMS OFA leaders highlighting the HMS promotion criteria and CV format.
- Orientation luncheon in July for new faculty with senior leaders
- OFD fellowship and medical education award ceremony in October to honor faculty who have been awarded Children's and HMS fellowships, research and medical education grants
- Dealing Effectively with Abrasive Personalities by Melissa Brodrick, MEd, HMS Ombuds Office and Christine Power, MS, Director, DFCI Office for Faculty Development
- Negotiating Up by Melissa Brodrick, MEd, HMS Ombuds Office
- Anesthesia Grand Rounds: Developmental Networks for Career Success by Jean Emans, MD
- Meditation sessions by Jamie Heath, MD, Registered Yoga Teacher, and Emily Davidson, MD, MPH, Registered Yoga Teacher
- Spring is Faculty Development Season to highlight annual career conferences and work/life balance, among other support mechanisms (Appendix C)
- How to Plan a Productive Annual Career Conference by Jean Emans, MD, Margaret Kenna, MD, MPH and Alan Leichtner, MD, MSHPEd
- Getting Your Clinical Research Funded by Isaac Kohane, MD, PhD
- Strategies for Saving for College by Jonathan Griswold, MD
- Time Management Solutions by Lydia Shrier, MD, MPH and Judith Zola, MBA
- Research Support and Guidance:
 - Leadership in Research: A Seminar for Principal Investigators* (in collaboration with HR, OFT, and Office of General Counsel) by Melissa Brodrick, MEd; Jordan Kreidberg, MD, PhD; Fariba Houman, PhD; James Horgan, JD; Claire Marré, MS; Lydia Shrier, MD, MPH, Judy Zola, MBA
 - Getting Your Basic Research Funded* by Jordan Kreidberg, MD, PhD
 - Strategies for Applying for BCH Research Grants* by Jean Emans, MD; Judith Fleming, PhD; Ellen Grant, MD, Jordan Kreidberg, MD, PhD
 - Strategies for Applying for Foundation Funds Incorporating Pivot* by Lisa Kaufman, Assistant VP, Foundation Relations, BCH Trust and Brenna Eagan, Officer, Corporate/Foundation Relations, BCH Trust
 - Getting Your K Award Funded: Constructing the Career Development Plan and Mentor's Statement* by Maria Kontaridis, PhD, Associate Professor of Medicine, BIDMC
 - Preparing an NIH or Foundation Budget* by Theresa Applegate, Office of Sponsored Programs (OSP)
- Writing for Scientific Publication by Marjorie Beeghly, PhD and Lydia Shrier, MD, MPH
- Programs for Underrepresented in Medicine and Science (URM) Faculty and Fellows: topics of interest; discussion of ongoing diversity initiatives; representation at Student National Medical Association (SNMA) and Latino Medical Student Association (LMSA) national conferences; speakers; and social/networking events
- Medical Education: workshops on teaching reflective practices, evaluating communications skills, dealing with implicit bias, enhancing scholarship, developing curricula, ethics in teaching, project feedback conferences
- Presentation and Technical Skills: key components of strong scientific presentations, including designing reliable on-screen presentations and digital imaging
- Leadership Development for Physician and Scientists: a 3-day HMS course preparing HMS faculty for leadership roles in academic medicine
- Coffee Break with Innovation Services: OFD joined other programs including the Innovation and Digital Health Accelerator (IDHA), the Medical Library, Office of Fellowship Training, the Simulator Program (Sim-Peds), and the Technology & Innovation Development Office (TIDO) for an open-house style coffee break to introduce faculty and fellows to our services

Some of the seminars were co-sponsored with the Office of Fellowship Training (OFT) such as the Leadership in Research series for PIs; Strategies for Applying for BCH Research Grants; Getting

Your Clinical Research Funded; Getting Your Basic Research Funded; Digital Imaging Essentials; Harnessing the Power of Photoshop; Drawing Figures; and Ombuds workshops.

Multi-Hospital Programs, Courses, and Events: The OFD collaborates with the faculty development offices at 7 other HMS hospitals (BWH, MGH, BIDMC, Joslin, DFCI, McLean, CHA) and the HMS Offices for Faculty Affairs and Diversity Inclusion and Community Partnership, through CHADD (Consortium of Harvard Affiliated Offices for Faculty Development and Diversity) to invite speakers, sponsor events, and develop courses, search committee guidelines, and diversity initiatives across HMS. Dr. Emans and Maxine Milstein also represent BCH on the HMS Joint Committee on the Status of Women (JCSW).

Annual co-sponsored events include:

HMS Office for Faculty Affairs (OFA)

- Leadership Development Course for Physicians and Scientists
- New England Network for Faculty Affairs (NENFA) Meetings

HMS Diversity Inclusion and Community Partnership (DICP)

- Leadership and Faculty Development Program Conference
- How to Be an Effective Mentor (Appendix A)
- Black History Month events and programs
- Latino Heritage Month events and programs
- LGBT events and programs

Perspectives: Newsletter for BCH Faculty

The OFD introduces new programming, initiatives, and items of interest to faculty through our newsletter. We also report on events at Children's and HMS. *Perspectives* includes articles on workshops, mentoring, medical education, and leadership development.

OFD Twitter Page

In 2009 the OFD launched a Twitter page: twitter.com/BCHFacultyDev, with notes on OFD programs and online links to publications of interest to faculty to broaden our network and outreach. The site includes 190 followers, both internal and external.

Work-Family Programs

The OFD sponsors a seminar series for faculty balancing family life and a career in academic medicine and an annual outing for faculty and their families. In fall 2018 more than 30 attendees went apple picking. In addition, faculty peer support groups offer a comfortable environment for participants to share challenges and solutions in areas of career, family and personal development. Lunch discussions on topics of interest such as "How and when to say Yes or No," led by Dr. Sara Forman are also scheduled for the group as a whole. Members are a mix of various specialties, different career stages, and differing career focus. This experience allows faculty to meet others from different divisions and departments within the hospital and to discuss ways to have successful balance in their life's journey.

The Children's Hospital Library and the Career and Faculty Development Collection

The Library puts together special exhibits corresponding to OFD programs and observances such as "September is Women in Medicine and Science Month," "Spring is Faculty Development Season," "Black History Month," etc. The Library, in conjunction with the OFD, also profiles a wellness display. The Career and Faculty Development Collection, located in the Children's Library, provides faculty with information on professional and personal development. Included are materials on scientific writing, grant preparation, presentations, teaching, communication, and mentoring strategies. The weekly Leadership LibGuide <http://childrenshospital.libguides.com/leadership>, includes resources such as business/healthcare management databases, TED talk videos on leadership, Harvard Business Review's recommended reading on various leadership topics, links to useful associations, and selected health care reform resources.

BOSTON CHILDREN'S HOSPITAL RESOURCES**Boston Children's Hospital Trust: Foundation Relations**

<http://web2.tch.harvard.edu/trust/>

Contact: FoundationRelations@chtrust.org

The Boston Children's Hospital Trust is the philanthropic resource for Boston Children's Hospital, the only entity authorized to raise money for the hospital. Our goal is to secure support for our hospital's patient care, research, education, and community health initiatives. Working with you, we identify, cultivate, and solicit individuals, corporations, foundations, and organizations that share our deep commitment to Boston Children's missions.

The Foundation Relations Team at the Trust aims to engage private foundations in the work of BCH and increase grant funding to the hospital. By building relationships with a broad range of foundations, the team grows meaningful partnerships that fuel innovation. We provide a range of services to assist faculty with securing grant funding from private foundations, including project conceptualization, identifying foundation prospects for funding, and providing support throughout the proposal process.

Interested in finding foundation funding? You can email FoundationRelations@chtrust.org with your name, program area, starting date of your BCH faculty appointment, and short form CV. You will be added to their RFP notification list and a team member will follow up to discuss your specific funding needs.

Clinician Support, Office of (OCS)

<http://www.childrenshospital.org/ocs>

David R. DeMaso, MD – OCS Director – 617-355-6724

Lauren Coyne, RN, MS, LICSW – 617-355-6747

Jill Compagnone – OCS Coordinator, 617-355-6705

The Office of Clinician Support (OCS) provides a safe place for faculty to discuss and resolve a wide range of workplace and personal issues. The OCS is a confidential setting designed to support the health and wellness of the faculty. Located on the first floor of the Hunnewell Building at Boston Children's, the OCS is able to respond to a wide range of faculty problems ranging from helping to understand work-engendered stresses (e.g., adverse events, patient deaths) to developing responses to work-related concerns (e.g., performance concerns, interpersonal conflicts) to promoting personal and/or family wellness (e.g., burnout, anxiety). All faculty are seen at no charge with referrals to outside professionals as needed. OCS staff will make arrangements to meet at a convenient time, usually within 24-48 hours. For more information about the office or to make an appointment, please contact Jill Compagnone. You may also speak directly with Lauren Coyne or David DeMaso. Confidential messages can be left on any of the above telephone numbers.

<http://www.bostonchildrens.org/community>

Shari Nethersole, MD – Executive Director for Community Health

Main Phone: 617-919-3055

Fax: 617-919-3118

Boston Children's Hospital's community mission is to improve the health and well-being of children and families in our local community. The Office of Community Health brings together hospital and community resources to address health disparities, improve health outcomes and enhance the quality of life for children and families. This role includes:

- Addressing health disparities and supporting efforts to improve population health

- Working with community partners to support families and address social determinants of health
- Understanding the greatest health and non-health concerns for families in our local community and identifying the best ways for the hospital to address those issues
- Coordinating and stewarding resources to implement programs and efforts in the areas of mental and behavioral health, obesity, asthma and early childhood
- Building capacity and strengthening relationships with Boston community health centers
- Leveraging partnerships with key community and city organizations including the Boston Public Schools, Boston Public Health Commission and other local groups
- Ensuring Boston Children's at Martha Eliot is a cornerstone of the hospital's community health mission
- Supporting community programs and services from across the hospital to address community needs
- Communicating and reporting about the hospital's community health efforts and partnerships
- Influencing policy and practice to improve care and support for children and families
- Overseeing the hospital's investment in community-based programs and efforts to improve child health through its Determination of Need (DoN) Community Health Initiative Process

Boston Children's Hospital recognizes that conscientious adherence to professional and ethical conduct is essential to our mission. We are committed to meeting the highest standards for honesty and integrity in all business practices.

The Boston Children's Compliance Program promotes the prevention, detection, and resolution of conduct that does not conform to legal, policy, or business standards. The Compliance Department is charged with helping individuals to understand their role and responsibility in complying with federal and state legal requirements, as well as the policies of Boston Children's Hospital.

The Boston Children's Compliance Manual provides a summary of important legal obligations applicable to our services and activities. The Compliance Manual is available on the Compliance Department's intranet website (listed above).

Individuals are required to carry out their duties in accordance not only with all applicable laws and regulations, but also in accordance with the policies of Boston Children's Hospital. All employees, staff, contractors, and others who do business with Boston Children's have an obligation to report any known or suspected violations to their supervisor, the Compliance Department, or the Anonymous Compliance Hotline.

Compliance Manual: BCH Code of Conduct

Faculty are required to adhere to the hospital-wide Code of Conduct, available online at <http://chbshare.chboston.org/elibrary/compliance/manuals/cpp/default.aspx>

As stated on the website, the Code of Conduct applies to the trustees, employees, and medical staff of Boston Children's Hospital and the physician practice groups at the Hospital (the Foundations). It is intended to maintain and reinforce Boston Children's commitment to conduct our affairs in compliance with state and federal laws and established standards of business and professional ethics, and it also highlights policies of particular importance that apply to all members of the Children's community, including faculty.

Employee Lactation Support Program

<http://web2.tch.harvard.edu/benefits/mainpageS3063P39.html>

Nursing Mothers' Lounges – Lactation Rooms

Kimberly Barbas, RN, IBCLC – Coordinator, Lactation Support Program, 617-355-0005, kimberly.barbas@childrens.harvard.edu

Lactation Rooms are available for employees who need to express breastmilk during work hours. These rooms have hospital-grade electric breast pumps (Medela Symphony) available for use and a sink for cleaning equipment. Electric breast pumps require the purchase of a Symphony breast pump kit for individual use. Use of these rooms is first-come/first-serve basis, and some rooms require a combination code for entry. The lock combinations to the employee lounges are available from the Hale Family Center for Families (5-6279), located in the Main Lobby, during their operating hours or from the lactation office (5-0005). Classes are held on the first Tuesday of the month from 1 - 2pm in the Hale Family Center for Families for employees returning to work and planning to continue breastfeeding and include an orientation to the breast pump. Please refer to the Children's Today Website Announcements for class dates.

Email kimberly.barbas@childrens.harvard.edu for more information and to register for classes.

Ethics, Office of, and Ethics Advisory Committee

<http://web2.tch.harvard.edu/ethics/>

An Ethicist-on-Call can be reached 24/7 at beeper #3418, and the Office of Ethics can be reached at 5-6920 during regular business hours.

The Office of Ethics and Ethics Advisory Committee (EAC) offer educational resources and services to support BCH clinicians, patients and families in dealing with ethical concerns about patient care. When there is uncertainty or disagreement involving values (for example, when people disagree about whether a particular course of care would benefit or harm a child), there is a range of ethics services that can be accessed by any individual, family or team. These include informal conversations to explore individual concerns, facilitation of clinical team meetings, and a more formal process of ethics consultation to help resolve differences among patients, families and teams. Ethics support may be requested at any time via the ethics on-call beeper or Office of Ethics, as noted above.

Periodic ethics rounds are offered on a number of units for case discussion and education. If you would like to be aware of rounds on units in which you work, or if you have a topic to suggest for rounds, please contact any of the ethics staff members identified below. Finally, the Ethics Advisory Committee often participates in the development or review of ethics-related policies for programs, departments or the hospital. If interested in this service, please be in touch with the EAC co-chairs.

Co-chairs of the Ethics Advisory Committee are Charlotte Harrison, PhD, JD, MPH, Hospital Ethicist and Director of the Office of Ethics (5-6920, beeper #3171, charlotte.harrison@childrens.harvard.edu) and David K. Urion, MD, FAAN, Charles F. Barlow Chair, Department of Neurology (5-7819, beeper #1409, david.urion@childrens.harvard.edu).

BCH staff may participate in many programs offered by the Center for Bioethics at Harvard Medical School. Christine Mitchell, RN, MS, MTS, FAAN, and Robert Truog, MD (also a BCH clinician), are the Executive Director and Faculty Director of the Center, which provides educational and research fellowships in medical ethics; an annual 3-day intensive Clinical Bioethics Course for clinicians and ethics committee members; several monthly case-based Harvard Ethics Consortia (focusing respectively on clinical ethics, research ethics, organizational ethics, and public policy); and regular meetings for the Ethics Leadership of the Harvard-affiliated health care institutions. For more information, see the webpage at <http://bioethics.hms.harvard.edu/> or email bioethics@hms.harvard.edu.

Government Relations

BCH Intranet: <http://web2.tch.harvard.edu/gr/>

External Website: <http://authoring.chboston.org/government-relations/>

Joshua Greenberg, JD, MA – Vice President, Government Relations

Kate Audette, MSW – Director, State Government Relations

Amy DeLong – Manager, Federal Government Relations

Jamie Gaynes, MPH – Government Relations Specialist

Kate Ginnis, LICSW, MPH – Director, Mental Health Advocacy & Policy

Kate Lewandowski, MPH – Senior Project Manager

Rebeckah Orsatti – Executive Assistant

Candace Reddy, MBA – Senior Director, Payor Relations

John Riordan, MCRP – Director, Community Relations & Partnerships

Tel: 617-919-3055; Fax: 617-919-3118

Members of the Office of Government Relations work with decision-makers at the local, state, and national levels to uphold the hospital's mission of providing exceptional clinical care, research, and training for pediatric providers; members also like engaging with and supporting the advocacy efforts of internal experts on issues of relevance to children's wellbeing. The program has a special interest in, and commitment to, our community health programs, and works hard to develop and sustain systemic solutions to child health concerns like asthma, obesity, and mental health. The Office of Government Relations closely monitors issues related to public sector coverage and access; the health care regulatory environment; pays close attention to research and medical workforce concerns; and extends efforts to partner and collaborate with community organizations that advocate on behalf of children. Government Relations hosts regular trainings and educational sessions on advocacy topics of interest to the hospital community.

Kevin Churchwell, MD - Executive Vice President, Health Affairs

Nina Rauscher, MS, RN, CPHQ - Vice President, Health Affairs

Mathieu Gaulin - Director, Health Affairs

Stephen Ciano - Manager, Credentialing

Kathy Hickey, MHA - Manager, Provider Enrollment

Health Affairs is a diverse group of individual departments who, as medical staff leaders, work together to promote the highest quality and safety of patient care. Each domain provides leadership and guidance on behalf of the Medical Staff of Boston Children's Hospital through the leadership of the Executive Vice President, Health Affairs.

Through effective, high quality and integrated administration, Health Affairs provides oversight for all physician services functions; provides oversight for all Medical Education activities, including Graduate Medical Education and Continuing Medical Education; provides oversight for the Offices of Health Equity and Inclusion, Faculty Development, Clinician Support and the Center for Applied Pediatric Quality Analytics; and, working with the chiefs, ensures retention of clinical and research leadership; and, lastly, strives for full alignment with and achievement of all enterprise-wide goals in furtherance of the Hospital's Mission.

Beginning with credentialing and privileging of initial applicants and re-applicants to the Medical Staff as foundational, other functions of Health Affairs include but are not limited to:

- Oversight of the Medical Staff Bylaws and Rules and Regulations so as to maintain clear accountability to the Governing Body
- Providing administrative continuity and support to Medical Staff leaders in their governance and oversight activities
- Enrolling providers to bill for services rendered
- Overseeing the ongoing education and training across the continuum of Medical Education
- Professional development and support of members of the Medical Staff through a variety of programs and committees
- Fostering and promoting diversity, health equity and inclusion for all staff
- Using analytics to improve pediatric care

Lise Nigrovic, MD, MPH - Co-Director, Population Health Sciences and Health Services Center, ICCTR; Medical Research Officer, Harvard Catalyst

Piotr Sliz, PhD - Director, Clinical Research Information, Technology and Service

The Boston Children's Hospital Institutional Centers for Clinical and Translational Research (ICCTR) supports investigators in the design, conduct and reporting of clinical and translational studies, along with educating the diverse Boston Children's research community on clinical research best practices.

The ICCTR is made up of four areas:

Biostatistics and Research Design (BARD)

BARD provides biostatistical and methodological expertise and scientific leadership through collaborative relationships with Boston Children's investigators. This Center's areas of expertise include pre-clinical experiments, clinical trials, observational studies (retrospective and prospective), longitudinal studies, randomized studies, health economics and econometrics, survey research, qualitative research and high-dimensional functional neuroimaging research.

Experimental Therapeutics and Interventional Trials (ET/IT)

The mission of the ET/IT Center is to provide exceptional support and service to investigators conducting interventional clinical trials (drugs, devices and experimental therapeutics/biologics) with the goal of translating basic research findings into novel therapeutic and curative interventions. The ET/IT staff support all phases (Phase 0-IV) of interventional trials.

Population Health Sciences (PopSci)

PopSci supports all phases of population health, public health and health services research. Center staff provide support in the implementation of observational studies, comparative effectiveness evaluations and clinical studies.

Translational Research Program (TRP)

The mission of the TRP is to stimulate the development of non-clinical and human clinical trials that seek to improve the care of children with serious diseases. This Program provides support and funding mechanisms for faculty-initiated research projects, along with the infrastructure to get these projects done in a fast and efficient manner.

Teaching and medical education are essential components of Boston Children's Hospital's mission. The increasing requirements of graduate medical education, accreditation of programs, certification, milestones, and maintenance of certification make the Academy at Children's critical to advancing the training mission and commitment to lifelong learning at Children's.

The Academy for Teaching and Educational Innovation and Scholarship:

Dr. Leichtner and Lori Newman serve as co-directors of the Academy. In addition, five associate director positions support the Academy's programs and educational initiatives: Miya Bernson-Leung, MD, EdM for Community Engagement; Greg Durkin, MEd, RN-BC, for Interprofessional Education; Jennifer Kesselheim, MD, MEd, for Education Scholarship; Sarah Pitts, MD, for Educational Consultation; and Ariel Winn, MD, for Professional Development.

In 2016, the BCH Academy was restructured to include healthcare professionals primarily interested in developing teaching skills and educational scholarship. In 2018, the Academy was made up of 259 members including 77 new members – a 44% increase from the original 165 members in 2016. Membership categories include standard members and scholar members, divided among three levels: senior, standard, and trainee. Current members represent 17 different departments across the hospital. Interprofessional members include 44 nurses plus 30 members from healthcare professions such as social workers, psychologists, nutritionists, dentists, and PhD researchers. Members attend monthly professional development seminars focused on medical education or participate in scholar working groups led by faculty with expertise in educational research.

Information on The Academy and member projects can be found at:

STIK pager: 7845 (for bloodborne pathogen exposures 24/7)

Hours: Monday – Friday, 7:30 am – 4:00 pm

Occupational Health Services (OHS) provides occupational-related medical services for employees, medical staff, volunteers, and other Associated Personnel at Boston Children’s Hospital. OHS provides initial treatment and case management for work-related illnesses and injuries; pre-placement health screens, serologies, and vaccinations; fitness for duty assessments; ergonomics evaluations; and other medical services related to the treatment, diagnosis and prevention of work-related illnesses and injuries. OHS also oversees staff flu vaccination campaign. All staff and affiliated personnel at Boston Children’s Hospital are required to get annual flu vaccinations.

If a faculty member is employed directly by BCH and is injured at work, the employee or the staff member’s supervisor must complete the Employee Accident Report within 24 hours and report to OHS for evaluation. No appointment is necessary. If the faculty member is employed by a foundation, he/she must contact the Department administrator for information on workers’ comp coverage.

For needlestick injuries or other bloodborne pathogen exposures, page the STIK pager at 7845 for immediate attention.

Other services provided by appointment. For more information or questions about Occupational Health Services, please call Lucinda Brown at 857-218-3052.

Office of Fellowship Training

Christine Sinclair, MA – Program Coordinator

Administrative Office Location: Karp 4 - 217

Phone: 617-919-4282 (internally, x4-4282)

The mission of The Office of Fellowship Training (OFT) is to provide research and clinical fellows with career development tools as well as access to resources and opportunities to network at BCH and in Boston. The OFT organizes career development seminars and social functions to enrich the experience of fellows during their time at Children’s. The OFT also provides one-on-one mentoring and helps in identifying training, funding, and other career related opportunities.

Office of Health Equity and Inclusion

Valerie L. Ward, MD, MPH – Medical Director of the Office of Health Equity and Inclusion

Nikki Tennermann, LICSW – Administrative Director

Geeran Chuersanga, MS – Program Coordinator

Contact: 617-919-6511; healthequity@childrens.harvard.edu

The mission of Boston Children’s Hospital’s Office of Health Equity and Inclusion, founded in 2017, is to provide guidance on achieving a culture that honors equity, diversity, respect, inclusion and excellence. The Office of Health Equity and Inclusion works collaboratively with other Boston Children’s and Harvard Medical School offices, including the BCH Office of Faculty Development, the BCH Academy for Teaching and Educational Innovation and Scholarship, the BCH Office of Experience, and Human Resources (HR), to advance culturally effective pediatric care; to reduce pediatric healthcare disparities; to recruit, develop and retain a diverse and inclusive workforce; and to support an environment of respect for different viewpoints. In conjunction with the BCH Diversity

and Cultural Competency Council (DCCC), which is co-chaired by Medical Director Dr. Ward and Judith Zola, MBA, Director of Organizational Learning and Performance Development, and with the oversight of a Senior Advisory Board, the Office of Health Equity and Inclusion supports innovative programming focusing on health equity, diversity, and inclusion across the four Boston Children's missions: clinical care, research, teaching, and community service. The work of the Office of Health Equity and Inclusion is closely aligned with the institutional priorities of Boston Children's Hospital.

Physicians' Organization

<http://web2.tch.harvard.edu/po/>

Executive Committee:

TBA – PO President/BCH Senior Vice President of Access and Business Services

Mark Proctor, MD – Chairman of the PO Board

Kevin Churchwell, MD – BCH EVP of Health Affairs and COO

John Friedman, MD – Treasurer/Clerk

Irene Paresky – Chief Operating Officer

Thomas Hart – Chief Financial Officer

Tel: 617-919-9917

The Physicians' Organization at Boston Children's Hospital (PO) is a non-profit management service organization for the 1,200 physicians employed by either BCH or the 15 subspecialty Foundations. The PO works jointly with the BCH and sub-specialty Foundations and/or Service Funds in developing and coordinating an integrated child health care system that fosters cost-effective, quality patient care. To support the development of health care services, the PO supports the negotiation of agreements with insurers and manages care plans. The PO negotiates contracts for physicians' fringe benefits on behalf of its affiliated physicians and employees. The PO also performs management services including: patient billing and receivables management; patient access; utilization review; treasury functions; internal investment funds and cash management; audit preparation and external financial reporting; tax preparation; billing compliance; and IT services to support patient billing, accounting, human resources, cost modeling, and charge capture.

The PO provides a physician forum for input to the BCH's strategic and operational decisions. The PO nominates, designates, and elects persons to serve as the PO's representative on the BCH's governing board and committees, in accordance with the BCH's by-laws, rules, regulations, and policies. It also works with BCH on a number of joint business initiatives that range from compliance, patient experience, revenue cycle, satellite oversight, and employee development.

Research Administration

Email: resadmin@childrens.harvard.edu

The Research Administration Office (RAO), led by Frank Thayer serves as a liaison between the research community and hospital administration. The office is responsible for management and support of research administration and compliance enterprise applications such as CHERP, ECRT and the reporting infrastructure underlying these platforms. The RAO also is responsible for facilitation and support to executive research committees, including the Research Faculty Council, and develops tools to enhance communication and training within and beyond the research enterprise.

Clinical Trials Business Office (CTBO)

<http://web2.tch.harvard.edu/researchadmin/mainpageS2700P141.html>

Fernando Valles, JD – Director, Clinical Trials Business Office

Office Location: Landmark Center East, LM 7003, 401 Park Drive

Mailstop: BCH 3414

Phone: 617-919-2730

Email: ctbo@childrens.harvard.edu

The Clinical Trials Business Office (CTBO) provides comprehensive business services to investigators interested in conducting industry-sponsored clinical research at Boston Children's Hospital. Specifically, the CTBO drafts and negotiates contracts and budgets for industry-sponsored clinical trials, investigator-initiated studies, and other sponsored clinical research. The CTBO also manages other business requirements for engaging in clinical research at the hospital, including the segregation of charges for routine and research-related care, and ensuring compliance with state and federal billing regulations. Investigators are encouraged to contact the CTBO at the start of the study planning process, so that the CTBO can help secure adequate funding and prevent "downstream" billing issues. Additionally, investigators planning collaborative clinical research endeavors with other institutions, including the exchange or sharing of clinical data, should contact the CTBO to make sure the necessary agreements are in place prior to engaging in such activities. By negotiating reasonable contract terms, sufficient funding, and essential human subjects' protections with sponsors and collaborating institutions, the CTBO is committed to helping protect the interests of our institution, investigators, and patients.

Institutional Review Board (IRB)

<http://www.childrenshospital.org/research-and-innovation/research/research-administration/office-of-clinical-investigation>

Mailstop: BCH 3164

Phone: 617-355-7052; Fax: 617-730-0226

Email: IRB@childrens.harvard.edu

The Institutional Review Board (IRB) oversees the protection of human research subjects and is committed to safeguarding the rights and welfare of all children, adolescents, adults and family members who volunteer to participate in research at Boston Children's Hospital. The department provides administrative support for the hospital's internal review board. The IRB was established to assure the protection of all human subjects in research projects by reviewing and approving all research that involves human subjects conducted by anyone on the premises of, or under the auspices of Boston Children's.

The IRB administrative office provides a mechanism for continual education and improvement for the human research protection program through the Education and Quality Improvement Program (EQuIP). The goal of EQuIP is to provide education and to assist investigators to conduct human subjects research according to the highest ethical standards, in compliance with federal, state, and institutional regulations, and according to Good Clinical Practice. The CHERP application on our website now provides an accessible electronic review system.

Office of Sponsored Programs (OSP)

<http://web2.tch.harvard.edu/osp/>

Theresa Applegate, MPA, CRA – Director, Sponsored Programs

Office Location: Landmark Center East, LM 7005, 401 Park Drive

Mailstop: BCH 3158

Phone: 617-919-2729

Email: osp@childrens.harvard.edu

The Office of Sponsored Programs (OSP) administers the institutional pre-award requirements of sponsored grants and contracts. OSP manages governmental, foundation, and other non-profit funding arrangements. Grant officers are assigned to the research community by department, division, and program. They serve as the primary points of contact for grant application review, submission, award acceptance and administration, sponsor relations, and inter-institutional contractual agreements related to governmental, foundation, and other non-profit sources of funding. OSP is committed to facilitating and supporting the research mission of the institution.

Research Operations

Email: ResOps@childrens.harvard.edu

Research Operations provides operational support to research faculty, staff and the related facilities by administering programs that result in a positive impact on research objectives and resources, and ensure compliance with regulatory agencies in a cost effective manner. The Research Operations departments are responsible for providing training in safety and animal research compliance through effective communication with a high standard of administrative efficiency that supports the needs of the research community. The departments seek to provide laboratories with value-added service. Policies, procedures and practices must keep pace with changing needs.

The departments include:

- Animal Protocol Support & Assurance (APSA) - orientation schedules, IACUC, policies and protocol help
- Animal Research Children's Hospital (ARCH) - veterinary care, forms
- Aquatic Resources Program (ARP) - fish care, contacts and forms
- Research Facilities - capital equipment, keys, building access, lab coats, critical research repository, project request form
- Research Lab Support - radiation safety, biosafety, lab support

Email: tido@childrens.harvard.edu

The mission of the Technology and Innovation Development Office (TIDO) is to maximize the impact of Boston Children's innovations on patient health while enhancing the research endeavor. The TIDO team works closely with investigators and clinicians within Boston Children's community to promote, support, and develop innovations by protecting and

licensing intellectual property. TIDO builds partnerships between Boston Children's Hospital and companies across the life science industry to accelerate the translation of academic research to life-saving products. TIDO is also responsible for industry sponsored research relationships. Contact your TIDO licensing manager for support with new inventions, the hospital's intellectual property policy, interactions with companies, or to facilitate a startup company.

TIDO's responsibilities include:

- Evaluating new innovations and discoveries for their patentability and commercial potential
- Protecting intellectual property (mostly through patents)
- Marketing and licensing technologies to industry partners
- Facilitating the formation of startup companies
- Advancing the stage of development of Boston Children's research programs and technologies through the Technology Development Fund
- Establishing relationships, collaborations and sponsored research with industry
- Fostering and supporting a culture of innovation and entrepreneurship
- Handling materials transfer agreements, corporate sponsored research, and collaboration agreements

BCH Child Care Center

Donna Warner – BCH Child Care Center Director

Phone: 617-355-6006; Child Care Center Fax: 617-730-0133

Children's Hospital Child Care Center was created to provide high quality child care for children of BCH employees as well as employees of BCH foundations (ex. CHPA). The Child Care Center cares for children 3 months through 5 years without regard to race, creed, cultural heritage, or religion. Our staff is committed to providing the highest quality care for children. We provide all children with a program that is developmentally appropriate and nurturing. We work toward fostering children's social, emotional, and cognitive growth while ensuring children's safety and security. Above all, we seek to meet your child's individual needs, in a respectful and loving way, within the structure of our program. A tuition subsidy is available for employees earning less than \$90,000 per year. Please note that the Center has a waitlist and encourages faculty to review all child care options. For additional information, please email Donna at donna.warner@childrens.harvard.edu

Back-up Child Care

Back-up child care for emergencies is contracted through care.com; benefits eligible employees receive a subsidized rate of \$6 per hour for in-home care or \$15 per child, per day at child care centers. See all details at bch.care.com. KGA is the Employee Assistance Program (EAP) provider for Boston Children's and is available 24 hours a day, 365 days a year at 800-648-9557. HARVARD MEDICAL SCHOOL RESOURCES

The Academy at Harvard Medical School

<http://hms.harvard.edu/departments/academy>

260 Longwood Ave – TMEC 384, Boston, MA 02115

Phone: 617-432-5401; Fax: 617-432-7850; Email: academy@hms.harvard.edu

The Academy aims to advance the education of physicians and scientists throughout Harvard Medical School by

1. supporting HMS's educational community,
2. fostering the careers of educators in medicine and science,
3. providing educational programming,
4. stimulating educational innovations, and
5. supporting educational research and scholarship.

The Academy supports and builds upon the educational work of HMS's Program in Medical Education and HMS's Graduate programs, and the educational centers at HMS-affiliated hospitals. Among its goals, the HMS Academy aims to support educational innovation and transformation and promote research on teaching, learning, and assessment in undergraduate and graduate medical education and in medical science education of graduate students.

The Academy sponsors yearlong educational programming and two fellowship programs, one in medical education and one in medical education research. The fellowships and educational grand rounds, medical education day, and educational symposia are open to all. The Academy sponsors twelve innovation groups to foster collaboration and scholarship that are open to all Academy members. The quarterly Journal of the HMS Academy (JHMSA) advances and supports educational work across HMS; faculty, residents, and students are invited to inquire about submissions and editorial roles.

Academic and Clinical Affairs, Office for

<http://hms.harvard.edu/departments/office-academic-and-clinical-affairs>

TBA - Dean for Academic and Clinical Affairs

Main contact for inquiries regarding the Office of Academic and Clinical Affairs:

Maureen Bergeron Bates, Senior Administrative Coordinator at 617-432-7460 or maureen_bergeron@hms.harvard.edu

The Office for Academic and Clinical Affairs encompasses the Office for Faculty Affairs, the Office for Diversity Inclusion and Community Partnership, as well as the Office for Academic and Research Integrity. The mission of the Office for Academic and Clinical Affairs is to uphold a commitment to excellence in academic affairs and ethical standards throughout the Harvard Medical community and to develop and nurture a diverse faculty through policies, practices and programs.

The Office for Academic and Clinical Affairs supports the academic and clinical activities of HMS faculty with an emphasis on faculty development and diversity. Specifically, the Office:

- Coordinates the selection process for limited competition funding opportunities (i.e., HMS Foundation Funds): <https://hms.harvard.edu/departments/office-academic-clinical-affairs/hms-foundation-funds>
- Conducts clinical department reviews: <https://hms.harvard.edu/departments/office-academic-clinical-affairs/clinical-department-review-program>.

- Maintains agreements with HMS-affiliated hospitals and research institutions: <http://hms.harvard.edu/hms-affiliates>.
- Serves as Dean's Office liaison for most of the HMS initiatives, programs, centers and institutes: <https://hms.harvard.edu/departments/office-academic-clinical-affairs/hms-initiatives-programs-centers-institutes>

HMS Foundation Funds Program:

Contact: Clare Lamont at 617-432-7463 or clare_lamont@hms.harvard.edu

The HMS Foundation Funds Program administers the nomination process for HMS/HSDM faculty and postdocs for funding opportunities from private foundations that require candidates to be nominated by either Harvard Medical School or Harvard University. Each year, several foundations invite HMS/HSDM junior faculty members and postdocs to apply for their fellowships and grants, which serve as critical funding at the early stages of a research career. Interested investigators must first apply internally through the HMS Foundation Funds, and a committee will select the final candidates who will then submit applications to the foundations.

Clinical Department Review Program:

Contact: Sara Kiarsis at 617-432-7543 or sara_kiarsis@hms.harvard.edu

Started in 2000, the Clinical Department Review Program is a joint venture between Harvard Medical School and its affiliated hospitals to review the activities of clinical departments on approximately a five to eight-year cycle. The review is a constructive process that uses a broad-based perspective in evaluating departmental leadership and overall operation with a focus on key areas in clinical care, research, and education. Typically, three outside external reviewers are invited to serve on a committee that meets with the department leadership and its faculty over the course of two days to discuss the department's activities. At the end of the review the committee delivers the results of their findings to the dean of HMS, the dean for Academic and Clinical Affairs, and the president/CEO of the hospital. Once the Committee has submitted the final written report, a meeting is set up with the head of the department, deans and hospital president/CEO to discuss the report and review the recommendations.

Each department is asked to prepare a comprehensive and detailed report of activities over the previous five-year period. The report also includes information on the faculty and on the teaching, research, and clinical programs of the department. Additionally, the department chair includes a strategic plan for the department. The report is shared with the external reviewers, deans and hospital president/CEO approximately one month prior to the review. Over 100 reviews have been conducted since the Program's inception in 2000.

HMS Initiatives, Programs, Centers and Institutes ("Centers"):

Contact: Jessica St. Louis, Sr. Project Coordinator, 617-432-6928, or jessica_st.louis@hms.harvard.edu

HMS "centers" are organizational structures created to facilitate interdisciplinary, interdepartmental, and inter-institutional collaboration for novel research and education activities.

The committee for oversight of HMS centers has developed transparent and supportable guidelines for the organization and governance of research and education involving interdisciplinary, interdepartmental and inter-institutional work. These guidelines are detailed in the Principles and Guidelines document available online at: <https://hms.harvard.edu/departments/office-academic-clinical-affairs/hms-initiatives-programs-centers-institutes>

Faculty Affairs, Office for

<http://fa.hms.harvard.edu/>

Jules Dienstag, MD – Interim Dean for Faculty Affairs

The Office for Faculty Affairs (OFA) manages the promotions and appointments processes of the Faculty of Medicine. We work with committees that address faculty concerns and serve as a resource for issues related to recruitment, promotion and career development. In collaboration with our hospital affiliates, we organize an annual leadership and fellowship program for junior faculty. To learn more about our office and offerings, please visit our website at <https://fa.hms.harvard.edu/>.

Promotion Criteria

Promotion and appointment criteria for the Faculty of Medicine recognize the broad range of faculty activities that support the academic mission. By allowing the sum total of each faculty member's contributions and achievements to be considered in the evaluation for promotion, these criteria provide many different paths to academic advancement for our extraordinary faculty. The faculty handbook is available at <http://fa.hms.harvard.edu/FoMhandbook> information on the Harvard CV including CV templates can be found at <https://fa.hms.harvard.edu/faculty-medicine-cv-guidelines>. Inquiries about one-on-one CV reviews may be sent to OFA_Promotions@hms.harvard.edu. Senior staff regularly give presentations on promotion criteria and CV guidelines.

Eleanor and Miles Shore 50th Anniversary Fellowship Program for Scholars in Medicine

The 50th Anniversary Program for Scholars in Medicine was established in 1995 to celebrate the anniversary of the admission of women to HMS and to acknowledge the important contributions of women to the school. As part of this celebration, a fellowship program was established to help junior faculty, women and men, at the point in their careers when they must teach, do research, compete for grants, publish, or practice (if a clinical faculty member) at the same time they may be assuming increased family or other responsibilities. The program was renamed in 2004 to honor the efforts of Dr. Eleanor Shore, former Dean for Faculty Affairs, and Dr. Miles Shore, Bullard Professor of Psychiatry, Emeritus, on behalf of the 50th Anniversary Program for Scholars in Medicine. Most fellowships provide funding of \$30,000 for 1 year. The program also encompasses faculty fellowships at HMS affiliated hospitals. The Boston Children's Hospital OFD/BTREC/CTREC Faculty Career Development Fellowship is included in the Eleanor and Miles Shore 50th Anniversary Fellowship Program for Scholars in Medicine. While both men and women may apply for the HMS awards, this support is an important part of the effort to increase the representation of women at the higher ranks in the Faculty of Medicine.

Eligibility: The program includes fellowships open generally to faculty holding an appointment at the level of instructor, member of the faculty, or assistant professor at HMS or HSDM and specifically to the faculty of a sponsoring department or institution. Past recipients of any award from the Eleanor and Miles Shore 50th Anniversary Fellowship Program are ineligible for the two fellowships available to the entire faculty. For a full list of fellowships and eligibility criteria, please visit: <https://fa.hms.harvard.edu/shore>.

HMS Leadership Development for Physicians and Scientists

This three-day course is designed for HMS and HSDM lecturers, instructors, assistant professors, and recently appointed associate professors who have responsibility for a research grant, laboratory, educational course, or clinical program. The goal of the course is to build on participants' knowledge base and skills to enhance their professional development as administrative leaders in academic medicine. The curriculum focuses on human resource management, negotiation, finance, self-assessment, communications, and personal career development. Women and populations underrepresented in medicine are particularly encouraged to apply. For more information on the program and application process, please visit: <https://fa.hms.harvard.edu/leadership-program>.

Joan Y. Reede, MD, MPH, MS, MBA - Dean for Diversity and Community Partnership;

Professor of Medicine, Harvard Medical School; joan_reede@hms.harvard.edu

The Office for Diversity Inclusion and Community Partnership (DICP) at Harvard Medical School (HMS) was established to promote the increased recruitment, retention, and advancement of diverse faculty, particularly underrepresented minority (URM) faculty, at HMS and to oversee all diversity and inclusion activities involving HMS faculty, trainees, students, and staff.

DICP's Minority Faculty Development Program offers programming for the development of HMS faculty, with an emphasis on mentoring and leadership, while responsive to the identified needs of individuals and institutions. It also sponsors programs that are designed to reach out to the pre-college and college populations with the goal of bringing outstanding, URM, and disadvantaged students into the pipeline.

DICP's research and evaluation arm, *Converge: Building Inclusion in the Sciences through Research*, conducts research that lead to national, regional, and local strategies that support workforce diversity and inclusion in the biomedical sciences. The Office also acts as a central resource for monitoring faculty development and diversity efforts of the Harvard Catalyst and Translational Science Center through its *Program for Faculty Development and Diversity*. In partnership with the *Biomedical Science Careers Program*, DICP offers programs aimed at providing the encouragement, support, and guidance needed for the successful pursuit of careers in biomedical sciences.

Joint Committee on the Status of Women (JCSW), HMS/HSDM

<http://jcsw.hms.harvard.edu>

Phone: 617-432-0719

Email: JCSW_AdminAssist@hms.harvard.edu

The JCSW is an advisory committee of the Dean of the Faculty of Medicine, established in 1973, representing a constituency of women and men faculty, fellows, residents, post docs, students, of the Medical and Dental Schools, and the affiliated hospitals and institutions and staff of HMS and HSDM. The mission of the Committee is to facilitate and enhance the contribution of women at HMS and HSDM by expanding and improving opportunities for leadership and advancement. The members of the JCSW constitute a fabric of connection and a force for institutional evolution – as observers, researchers, analysts, commentators, mentors and educators. Past achievements include helping to establish the Ombuds Office and the Archives for Women in Medicine. Visit the JCSW website for more information, including a calendar of programs and events, as well as these links: HMS websites on promotion and fellowships; Offices for Women at Harvard Hospitals; the Ombuds Office; the Office for Work and Family. The JCSW accomplishes its goals through the work of committees and task forces such as Professional Equity; Dean's Leadership Awards for the Advancement of Women Faculty and Staff; Career Advancement; Work/Life; Community Engagement. The JCSW documents obstacles and opportunities for advancement of women, offers and promotes educational programs, networking, and provides recommendations to the Dean. JCSW membership is open to all HMS/HSDM faculty, trainees, students, and HMS/HSDM staff.

Boston Children's Hospital faculty/staff who are involved in current JCSW activities include: Asimena Angelido, MPhil, MD; Dusica Bajic, MD; Diana Carlone, PhD; Jing Chen, PhD; Estherann Grace, MD; Robin Haynes, PhD, Kathleen Huth, MD; Cathie Jones, MD; Anjali Koka, MD; Lois Lee, MD; Maxine Milstein, MBA; Trista North, PhD; Rima Rachid, MD; Christine Sieberg, PhD
