

Virtual Research Recruiting Week

Monday, February 6 2023 –
Thursday, February 9, 2023

Boston Children's Hospital, the #1 ranked pediatric hospital in the nation, invites top-performing graduating seniors to learn firsthand about some of the breakthrough research currently being conducted. Attendees will have the opportunity to network in a virtual setting directly with hiring managers and Principal Investigators and hear from a panel of renowned researchers.

To learn more about research at Boston Children's, visit bostonchildrens.org/research. EOE
